This application is the United States national phase of PCT Application No. PCT/EP03/09384, filed August 22, 2003, claiming priority to European Application No. 02078600.0, filed August 30, 2002. This Information Disclosure Statement lists the prior art references identified in the International Search Report (ISR) for the PCT application and the references are relevant for the reasons stated therein. Further EP 1 074 181 is also discussed on page 1 of the present application. The July 14, 2005 Notification of Missing Requirements Under 35 U.S.C. §371, indicates that the ISR and the International Preliminary Examination Report (IPER) for the PCT application were received by the United States Patent and Trademark Office. Thus, copies of the ISR and IPER are not included herewith.

Since this Information Disclosure Statement is being submitted before the mailing date of a first Office Action on the merits, it is timely under 37 C.F.R. §1.97(b)(3) and no fee is required. The Commissioner for Patents is hereby authorized to charge any additional fees which may be required to Deposit Account No. 23-0650. One (1) original and two (2) copies of this Information Disclosure Statement are enclosed.

Respectfully submitted,
